

Handwriting

At Theale C of E Primary School, we highly value the skill of handwriting. Children will be taught to write clearly and legibly, in a consistent style. Being able to form letters correctly means that children's minds are freed up when writing so they can produce works of wonderful creativity.

Handwriting particularities vary from school to school. The way you were taught to write might not necessarily resemble the way we teach children to form the letters.

In order to help you understand the fundamentals of handwriting at Theale, we have provided videos. Watching these will give you a clear understanding of the way children are encouraged to write.

You will learn:

- How children should be sat
- How children should be holding their pencil
- How children should be forming their letters
- How the children should join their letters

Thank you for taking the time to watch, learn, and ultimately help your child develop this skill.
