

Key Knowledge

The names of some common garden plants.

People may grow **plants** in their **gardens** and care for them.
They may group **flowering plants** which are beautiful to look at or **seeds** to grow **plants** for food.
When **plants** are grown for food, this may be called a **vegetable patch**.

vegetable patch

rose

poppy

sunflower

The names of some common wild plants.

A **wild plant** will grow by itself. It does not need to be cared for. If it grows somewhere unwanted, it may be a weed.

dandelion

daisy

buttercup

clover

Investigate

Plant beans or seeds and bulbs.
Care for them and watch them grow.
Record your observations as a class.
Go on a wild plant hunt. Create a tally chart to show how many of each plant you have found and then use the information to answer questions.
Collect fallen leaves and identify which tree they came from using pictures to help you.
Which parts of plant do we eat?

Diagram - Parts of a tree and a flowering plant

Key Vocabulary

Branches	Parts that grow out from the tree trunk and have leaves, flowers or fruit growing on them.
Bulb	An underground stem shaped like an onion that grows into a flower or plant.
Flower	The part of a plant which is often brightly coloured and grows at the end of a stem.
Flowering	Trees or plants which produce flowers.
Fruit	Something which grows on a tree or bush and which contains seeds or a stone, often covered by a substance that you can eat.
Garden	A piece of land next to a house, with flowers, vegetables, other plants and often grass
Leaf/leaves	The parts of a tree or plant that are flat, thin and usually green.
Petals	Thin coloured or white parts which form part of the flower.
Plant	A living thing that grows in the earth and has a stem, leaves and roots.
Roots	The parts of a plant that grow under the ground.
Seed	The small, hard part from which a new plant grows.
Stem	The thin, upright part of a plant on which the flowers and leaves grow.
Tree	A tall plant that has a hard trunk, branches and leaves.
Trunk	The large main stem of a tree, from which the branches grow.
Vegetation	Plants, trees and flowers.
Weed	An unwanted wild plant that grows in gardens and prevents the plants that you want from growing properly.
Wild	Animals or plants that live or grow in natural surroundings and are not looked after by people.
