Knowledge Organiser

Online Safety – Year 1

Key Learning:

- To understand the importance of a memorable login and password
- To be able to safely save and access work within a shared area
- To know that using an avatar is safer than using a real image
- To understand the importance of logging out

Key Resources

Key Vocabulary:

- Log in – using a username and password to access a system
- Username – a unique name used by a person to access an online site
- Password – a "key" that unlocks access for a particular user
- Log out – leaving a computer system

Key Questions:

- What is a password and why should we keep them safe?
- What is a digital avatar?
- How do we know that when we save work it is safe online?
